

Protect Your Family

Do you know that it's a mighty safe business policy to lay by a little for a rainy day? The best investment you can possibly make is to take out a policy in

The Northwestern Mutual Life Insurance Co.

Either straight life or endowment. You are then laying up a little all the time, and besides you have the assurance that should anything happen to you, your wife and babies, mother or sweetheart, as the case may be, will be left with an estate for their care and protection.

Don't put it off. Right now is the safe time. See about a policy before it is too late.

Have your Auto Tire Adjustments been satisfactory to you?

Did you ever stop to think that you are paying a good price for this guarantee, where a good many times you gain nothing? Would you like to buy a tire for your Ford car with a saving of \$3.00, it being a tire that we will be glad to sell you at the price you pay for other tires and guarantee it?

This shows that we are not afraid to take chances—why should you be?

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Back of this season's new Overland Big Fours and Light Sixes are a direct line of nine preceding models from which they were developed.

They directly continue the line of models that made the Overland name stand in the public mind for integrity of value.

Overland policy has steadfastly sustained that integrity of value in the car throughout its entire service in the hands of owners.

Over three hundred thousand of these cars are now in use and the helpful suggestions of their owners and of the more than four thousand dealer and factory-branch organizations that sold and served them, are largely responsible for the balanced greatness of this season's Big Fours and Light Sixes.

Their new beauty, their perfected easy riding qualities, their proven sturdiness and mechanical excellence, their admitted tire, fuel and oil economy make them worthy of the confidence we enjoy, that they will still further enhance Overland prestige.

They embody the wisdom of the unmatched Overland experience in building cars of this type.

They are dominant values, cars of proven dependability and sterling worth.

As long as we have them for delivery before May 1st, the prices are \$850 for the Big Four, \$985 for the Light Six—thereafter \$895 and \$1025.
